

SCIENCE CAMP-IN

HERRETT CENTER

2024

Friday, March 8, 2024

Registration Form

\$50 per camper

****REGISTRATION DEADLINE: February 23, 2024****

Camper Registration Information:

Name: _____ Grade: 3rd 4th 5th

School: _____ Gender: M F Age: _____

Town of residence: _____

Special needs (allergies, medication, etc.): _____

T-Shirt size: S M L XL Youth or adult sizes? _____

First & last names of friends to sleep beside _____

Parent/Guardian Information:

Name(s): _____

Home phone: _____ Cell phone: _____

Email: _____

Emergency contact: _____

*Names of adults allowed to pick-up camper: _____

*Campers will only be allowed to leave the building Saturday morning with these people. Pick-up starts at 8 A.M. March 9.

Workshops:

Please rank your workshop preferences from 1st to 8th. Workshops fill up on a first come, first served basis. See next page for workshop descriptions.

___ Cool, Hot, & Colorful
Chemistry

___ Sun Prints

___ Found Object Printmaking

___ Owl Boxes & More!

___ The Scoop on Soil

___ Slimy & Reactionary
Chemistry

___ A Spark in the Air

___ Makerspace

To register by mail, send check with
form to:

Herrett Center Camp-In

P.O. Box 1238

Twin Falls, ID 83303

To register by phone call:

(208) 732-6655

Questions?

Call 732-6664 or email

sphamblen@csi.edu

When we receive your registration and payment, you will be emailed a confirmation form with more information.

Workshop Descriptions

Found Object Printmaking

Can you record things without writing them down or videoing it? Yes! Campers will explore the history and process of printmaking and making multiples. Using a variety of objects, prints will be made using ink, paper, as well as hand and press printing. In addition, campers will engage with gyotaku, the way Japanese fishermen recorded their catches beginning in the 1800s.

The Scoop on Soil*

In this workshop, kids will learn the basics of the most important substance on earth- SOIL! Campers will touch soil, paint with soil watercolors, and explore different kinds. To finish, campers will explore soil horizons and construct an edible soil profile with different edible substances representing the different layers of soil.

*This workshop involves dealing with foods like pudding, Oreos, chocolate, coconut, gummy worms, and green food coloring.

Sun Prints!

Kids will participate in making some of the oldest known photographic images that exist: sun prints! These sun prints, also known as cyanotypes, use UV light for exposure and, historically, used sunlight to accomplish this task. The results are beautiful blue photographic impressions...aka, the coolest images known to man!

Cool, Hot, and Colorful Chemistry

Participants will get to do different hands-on experiments in one of CSI's chemistry labs. Experiments include writing with invisible ink, extracting DNA from strawberries, and making slime. The workshop leaders will also do several exciting chemistry demonstrations!

Owl Boxes and More!

Owls play an important part in the local ecosystem. In this workshop, campers will build owl boxes to be donated to Idaho Fish and Game. Along the way, everyone will learn more about owl's role on the range and gain woodworking skills in CSI's wood lab.

A Spark in the Air

Participants will "play" with air pressure and static electricity. They may even see some miniature lightning bolts during experimentation. Prepare for some bright sparks and loud bangs. You will be shocked and blown away!

Slimy and Reactionary Chemistry

In CSI's chemistry labs, campers will experiment with the pH scale using household chemicals. Campers will also explore how chemical reactions produce color changes and then create slime using the power of polymers.

*Campers won't handle any chemicals that they wouldn't expect to find at home.

Makerspace

Campers will explore CNC machines, building their own items and toys, and find out the opposite of 3D printing.

SCIENCE CAMP-IN

Herrett Center for Arts & Science

Explore Herrett: 2024 Camp-In Release

Participant name (please print)

Participant birthdate (mm/dd/yyyy)

Parent/guardian name (please print)

Parent/guardian phone

Parent/guardian address

Waiver of Liability: In consideration of participation in the Explore Herrett: 2022 STEAM Camp-In (hereafter called the “Camp-In”).

I, for myself, my heirs, and personal representatives, do hereby release, waive, and discharge the Herrett Center for Arts and Science, the College of Southern Idaho, its officers, employees, and agents from any liability from any and all claims including any incidents resulting in personal injury, accidents, illnesses, or damage/loss of property from, but not limited to, participating in the Camp-In.

Indemnification and Hold Harmless Agreement: I also agree to indemnify and hold harmless The Herrett Center for Arts and Science and the College of Southern Idaho from any and all claims, actions, suits, procedures, costs, expenses, damages and liabilities, including attorney’s fees brought as a result of my child’s involvement in the Camp-In and to reimburse them for any such expenses incurred.

In signing this release, I acknowledge and represent that I have read the preceding Waiver of Liability and Indemnification and Hold Harmless Agreement, understand them, and sign voluntarily as the legal parent or guardian of the Camp-In participant.

Parent/guardian signature
